

The Internet

What is the internet?

The internet is our passage from the physical world to the digital world.

Both of these worlds are reality and connect us to people.

On the internet we have access to the **5 billion other people** that use it from the palm of our hand.

Who are the 5 billion users?

- 😊 Parents
- 😊 Kids
- 😊 Workers
- 😊 Teachers
- 😊 Criminals
- 😊 Predatory people

UNLESS YOU KNOW THESE PEOPLE IN PERSON, THERE IS NO WAY TO ACTUALLY KNOW WHO SOMEONE IS.

What might these users use the internet for?

- | | |
|-----------------------------|-------------------|
| 😊 Searching recipes | 😊 Scamming |
| 😊 Gaming | 😊 Preying on kids |
| 😊 Learning | |
| 😊 Work meetings | |
| 😊 Connecting with relatives | |

Let's Explore!

1. What are your favorite things to do on the internet that make you feel happy and safe?

2. What are some rules you and your parents have for using the internet safely at home?

3. Can you draw a picture of your favorite online game or website?
